

Audience & Distribution

Website - Currently more than 20,000 unique visitors per month visit the Chamber's website. The new site launch will generate buzz and because of the increased usability of the site, we expect these numbers to rise each and every month.

E-Newsletter - Current distribution is growing and is now sent to more than 3,000 members and their employees. Each day, we work to expand this list by requesting more contacts at each member business in order to expand our offerings and the value of membership to more than just the CEO at each business.

Ad Format

Website - Each ad should be electronically submitted at the appropriate size with resolution of 72 ppi. Acceptable file formats include: .png, .jpeg or .gif.
